SYNERGY - VEDANT PARENT PARTICIPATION PROGRAMME

At Vedant, we believe that both teachers and parents play an important role in the successful development and learning of a child and it is only through collaboration between school and home, that positive results can be achieved. As a responsible preschool, we follow a well designed Parent Participation Programme (PPP) - "Synergy", through which we aim to create and support a strong parent-school relationship. We follow a two way system of communication through circulars, diaries, forms etc. Besides this we also conduct various events like the PTMs, parenting workshops, special meetings, orientation days and so on. Recently we took an innovative step in the direction with "Bright Beginnings" our Parent Volunteering Programme. As part of the programme, parents opt for various events like performance with their child on stage, story telling sessions for children, organising events/workshops/picnics, contributing in art & craft activities etc. This gives parents opportunities to participate in their child's learning at school in various ways while giving them immense satisfaction of using their skills and time positively for the growth and development of all children.
